

# **ECON 2204**

## **Introduction to Data analysis for Economics and Finance**

### **Assignment 1**

#### **Due Date**

**January 30, 2026** at the start of class

#### **Directions**

For this assignment you will have to create a Quarto website. You will only have to submit the link to your website and to your GitHub repository.

#### **Questions**

1. Create a personal Quarto website hosted on GitHub pages. For reference, please see the slides for **04-website** on Nexus. Your website should include the following:
  - i) An “Index” or “Home” page. This page should include the following:
    - Your name
    - Your photo (optional)
    - Your credentials
    - An “About Me” section that provides a brief (one paragraph) introduction to yourself.
  - ii) A Curriculum Vitae page
    - You may choose to upload a file or write your info on the page.
  - iii) Contact Information (Just an email is fine. Does not have to be accurate)
  - iv) Navigation bar with “Home”, “CV”, and “Contact” Buttons. The navigation bar is edited in the “\_\_quarto.yml” file.
2. Add a blog page to your website. This will be the landing site for future assignments
3. Create a blog post and upload the PDF for this assignment.
